Inkjet Textile MSDS for

Moroccan Veil Gloss Finished PolySatin

Composition information on ingredients:

Base: Ink receptive 100% polyester fiber

Solvent Content: 0% V.O.C

Caliper: +/- 0.19mm <7.5 mil>

Weight: +/- 125g/M²

Sizes availability: 60" <152.4cm> / 54" <137.0cm>

Length of Media: 100 FT / Roll

Physical properties:

Resistance: 40.5↑ (Kg) <min/mm>

Tear resistance: 0.65↑ (N) <min/mm>

Light resistance: White decline rate : 19.2%/30hrs.

Plotter Compatibility: Solvent, Eco-Solvent and U.V. Cure Printers

H.P., Roland, Mimaki, Mutoh, Colorspan, Vutek, Nur, And other solvent , Eco-solvent and U.V. Cure based inkjet printers.

Benefits:

- Water resistance
- Good weather resist
- Anti aging
- Glossy surface
- Scratch resistance coating
- Excellent color gamut

Application:

Indoor and outdoor Banner, Window Displays, Tradeshow graphics, Theatrical backdrop, Semi-Translucent backlit signage, Banner Stands

Storage:

Make sure the storage temperature is between 15° and 25° (59° and 86°) & the storage humidity is between 20% to 55% without condensation.
