

Product Safety Data Sheet **LEGACY RAWHIDE** PVC Double Coated Polyester Knitted Fabric

Chemical Composition

Composition: 87% PVC; 13% Polyester

CAS Nr: 9002-86-2

REACH Regulation:

- Product classification: This product is classified as an "article" under REACH regulation
- Annex XIV: List of substances subject to authorization/Substances of Very High: Concern (SVHC): ADCA (C,C'- azodi (formamide); CAS Nr. 123-77-3) may be present in a concentration above 0.1% (w/w)
- Annex XVII-Restrictions: Shall not be used in toys and childcare articles which can be placed in the mouth by children

Physical/Chemical Properties

Aspect: Face- Coated surface; Backing- Textile fabric

Odor: Practically odorless

Combustion Properties: N/A

Hazards Identification

Hazard Category: N/A

Health Hazard: The fabric should have no harmful effects

Environment Hazard: The fabric should have no harmful effects

Personal Protection

Specific Control Parameters: Substance - N/A;
Exposition Limit Value - N/A

Respiratory Protection: Not required

Hands Protection: Not required

Eyes Protection: Not required

Skin Protection: No special protection required except for sensitive individuals

Handling & Storage

Handling: Wash hands before meal and at end of shift

Storage: Protect from weather in a dry place. Rolls shouldn't stand vertically. Keep away from heat sources.

First Aid

Inhalation (in case of fire): Remove affected person into fresh air

Contact with Skin: Not harmful

Contact with Eyes: Very unlikely

Ingestion: Very unlikely

Fire Fighting

Appropriate Means of Extinction: CO2; Chemical foam or dry chemical

Extinction Means That Should Not Be Used: N/A

Hazards Derived from Exposition to Products/Combustion

Gases: Toxic acid fumes (Hydrogen chloride) may evolve from molten fabric

Special Protection Equipment for Fire Fighting:

Breathing apparatus should be worn

Disposal

Product: According to local Legislation

Package: Recycling or incineration

Use

Base material for digital printing
